

# 2010 Petroskills®

Competency Solutions and Software  
User Group Workshop and Training

**The Gulf Hotel, Bahrain**

**SEPTEMBER 25 - 28**

## PetroSkills is . . .

PetroSkills is the leader for oil and gas training, with more than 1,000 public and in-house sessions each year, 200+ instructors and over 280,000 participants trained worldwide. PetroSkills provides training spanning Exploration & Production, Surface Facilities, including Petrochemicals, HSE, and Operations & Maintenance personnel.

PetroSkills training is based on detailed competency frameworks developed with the member company subject experts, which provide an international benchmark that can be customized to specific client needs. Blended learning solutions include e-learning, instructor-led training, coaching, mentoring for focused training and development needs

## Content and Program

PetroSkills is delighted to announce its first competency solutions and Software User Group regional conference for the Middle East.

The growing importance for companies in the development, management and assurance of workforce competency is now of critical business importance.

### There are two parts to the PetroSkills Bahrain event:

#### 25th-26th: Competency Workshop and Software User Group

The PetroSkills competency workshop will include the following subjects (we will send a detailed agenda to those who register):

- To discuss the issues and solutions in workforce competency
- Competency Development, Management and Assurance – latest trends and survey report
- Return on Investment – competency and business efficiency
- 'What's in it for me' – obtaining and maintaining engagement of all stakeholders
- To share best-practice in the implementation and management of competency solutions for engineers, technicians and non-technical personnel

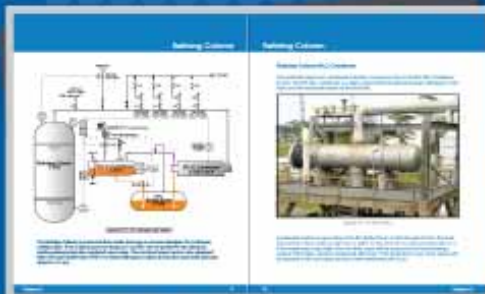

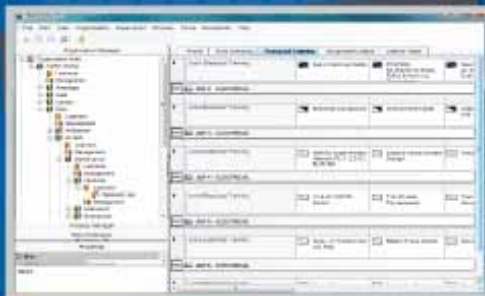

#### 27th-28th: TRACCESS Competency System Advanced Training

This is designed for existing TRACCESS Administrators and will provide detailed training on specific features, as well as reinforcing key functions that ensure effective use of the system.

- Advanced training for PetroSkills competency system (TRACCESS) users, including:
  - Mapping and managing blended learning
  - Power reporting
  - Effective performance assurance
  - Sustainability – keeping the system and its content relevant
  - 'we do it this way' – sharing best-practice

## Who Should Attend

- Operational, training and HR personnel:
  - With an interest in competency-based training
  - Interested in sharing and learning more about industry best-practice and latest developments in workforce competency
- Managers interested in applying competency initiatives in the workplace
- Company CAT and TRACCESS Competency System Administrators

### Why Should You Attend

Conversation is the inspiration for innovation. When you attend our conference you mix with PetroSkills experts and your peers to share and learn.

#### Competency Workshop and User Group

- Discuss current trends and best-practice in workforce competency – focusing on the methods of making it successful and sustainable
- Learn first-hand from industry experts that have successfully implemented CAT and TRACCESS
- Keep up to date on new and emerging technologies available from CAT and TRACCESS
- Take the opportunity to create a professional network
- Get immediate answers and solutions to issues within your organization
- Discover new system features that can help decrease expense and increase safety in your operation

#### TRACCESS Advanced Training

- Complete Advanced TRACCESS training

### PetroSkills Alliance is...

PetroSkills was created in 2001 by BP, Shell, and OGCI to provide "important but not unique" high-quality, business-relevant, **competency-based** training. Through its membership PetroSkills has successfully evolved into an "Industry-driven and approved program that spans the Petroleum Industry and is Quality Assured".

The following companies have joined the PetroSkills Alliance as full members:

Saudi Aramco, Halliburton, Occidental, ConocoPhillips, Chevron, REPSOL-YPF, Marathon, Swift Energy, PTTEP, Woodside, Baker Hughes, BG Group, Nexen Inc., the University of Trinidad & Tobago, and John M. Campbell & Company.

The list continues to grow, with three new members having joined in June, July 2010: Talisman Energy, Pertamina, and MOL.

## Venue

The original five star hotel of Bahrain, the Gulf Hotel offers resort facilities but with a city location.

Gaze out of the floor-to-ceiling windows, enjoy the panoramic views from your luxurious, newly renovated bedrooms or stay on our exclusive, discreet Platinum Floor, offering some of the best vistas and services on the island.

Discover the world and its delights in one of the 14 restaurants and bars, which boast a selection of diverse cuisines such as Iranian, Thai, Lebanese, Chinese, Western-Asian fusion, Japanese and continental.

## Conference Room Rates & Reservation

We have negotiated a special room rate of \$226 (single room) and \$250 (double room), excluding taxes and breakfast. This rate is available for booking made up to September 11th. When you are making your reservation (direct with the hotel) ensure you mention you are attending the Petroskills Workshop and Training.

## For Hotel Reservations Call

You may wish to join the The Gulf Hotels & Resorts exclusive guest recognition program, The Gulf Hotel's Club, offers special benefits and privileges designed to reflect your individual travel preferences and offer an enhanced level of service.
