

		GEOPHYSICS					PETROPHYSICS, RESERVOIR, PRODUCTION, DRILLING	DATA MGMT. BUSINESS, HSE	
GEOLOGY		Basic Theory Principles	Acquisition and Processing	General Seismic Interpretation	Seismic Stratigraphic Interpretation	Borehole and Nonseismic Geophysics	Mapping/GIS		
SPECIALIZED		3D Seismic Attributes for Reservoir Characterization - SARC			Applied Seismic Anisotropy for Fractured Reservoir Characterization - ASAF	Advanced Seismic Stratigraphy: A Sequence-Wavelet Analysis Exploration-Exploitation Workshop - ADS		Applied Rock Mechanics - ARM	
					Use of Full Azimuth Seismic and Microseismic for Unconventional Plays - FAMS				
INTERMEDIATE	Basin Analysis Workshop: An Integrated	AVO, Inversion, and Attributes: Principles and Applications - AVO			Introduction to Seismic Stratigraphy: A Basin Scale Regional Exploration Workshop - ISS			Reservoir Characterization: A Multi-Disciplinary Team Approach - RC	Petroleum Project Management: Principles and Practices - PPM
	Prospect and Play Assessment - PPA	Advanced Practices in Exploration and Development of Unconventional Resources - EDUR							
FOUNDATION	Mapping Subsurface Structures - MSS		Seismic Imaging of Subsurface Geology - SSD	Seismic Interpretation - SI1			Mapping Subsurface Structures - MSS	Well Log Interpretation - WLI	Petroleum Risk and Decision Analysis - PRD
	Production Geology for Other Disciplines - PGD		Seismic Velocities and Depth Conversion - SVDC				ArcGIS Coordinate Reference Systems for	Foundations of Petrophysics - FPP	Team Leadership - TLS
			Seismic Acquisition Technology in a Regulatory Era - SATR				ArcGIS Essentials for Petroleum - GISE	Production Technology for Other Disciplines	Applied HSE Management - HS28
			Seismic Positioning Data Management -				Geomatics: Geodesy and Cartography -		Applied Environmental Management -
		Geological and Geophysical Characterization of Heavy Oil Reservoirs - HORC						Basic Drilling Technology - BDT	Basic Petroleum Economics - BEC3
BASIC		Basic Geophysics - BGP					Basic Reservoir Engineering - BR	Introduction to Data Management - IDM	Essential Leadership Skills for Technical
	Basic Petroleum Geology - BG								Essential Technical Writing Skills - ETWS
		Basic Petroleum Technology - BPT
