

		WELL CONSTRUCTION/DRILLING ENGINEERING					BUSINESS, HSE
PRODUCTION & COMPLETIONS ENGINEERING	G&G PETROPHYSICS / RESERVOIR	Completions & Workover Operations	Well Design / Planning	Wellsite Operations / Supervision	Well Construction Management	Rig Selection, Procurement Logistics	
SPECIALIZED		Applied Rock Mechanics - ARM	Horizontal and Multilateral Wells: Completions and Stimulation - HML2	Solids Control Systems - SCS			
	Formation Damage: Causes, Prevention, and Remediation - FD			Drill String Design and Optimization - DSD			Petroleum Project Management: Principles and Practices - PPM
INTERMEDIATE				Cementing Practices - Cementing II - CEP			
				Managing Wellsite Operations - MWC			
				Practical Drilling Skills - PDS			
				Directional, Horizontal, and Multilateral Drilling - DHD			
				Deepwater Well Engineering - DWE			
				Casing Design Workshop - CDW - Virtual, Blended Delivery			
FOUNDATION	Production Technology for Other Disciplines - PTO	Evaluating and Developing Shale Resources - SRE	Well Design and Engineering - WDE	Stuck Pipe Prevention -- Train Wreck Avoidance™ - SPP			Petroleum Risk and Decision Analysis - PRD
		Mudlogging - MDLG		Fundamentals of Casing Design - FCD			Team Leadership - TLS
	Production Operations 1 - PO1	Foundations of Petrophysics - FPP		Primary Cementing - Cementing I - PCE			Applied Environmental Management -
	Completions and Workovers - CAW			Drilling Fluids Technology - DFT			Applied HSE Management - HS28
				Drilling Practices - DP			
BASIC		Basic Petroleum Geology - BG	Basic Drilling, Completion and Workover Operations - BDC				Essential Technical Writing Skills - ETWS
		Basic Reservoir Engineering - BR	Casing and Cementing - CAC	Basic Drilling Technology - BDT			Essential Leadership Skills for Technical
			Basic Petroleum Engineering Practices - BE				Introduction to Data Management - IDM
			Basic Petroleum Technology - BPT				Basic Petroleum Economics - BEC3
