

Reservoir Rock Properties

MODULE

About the Skill Module

This skill module reviews the properties of reservoir rocks at the most basic level.

See demo online learning module

Target Audience

Engineers or geoscientists who will occupy the position of reservoir engineer, and any other technically trained individual who desires a more in-depth foundation in reservoir engineering than is offered in the one-week Basic Reservoir Engineering and Reservoir Engineering for Other Disciplines courses.

You Will Learn

- · Different types of rocks
- · Primary rock properties from a reservoir engineering point of view
- · How rock properties are measured
- How rock property values are interpolated/extrapolated throughout the reservoir
